## VISOR® V10 Code Reader Professional, wide field of view

Multi-Code Reader for 1D und 2D Codes und OCR

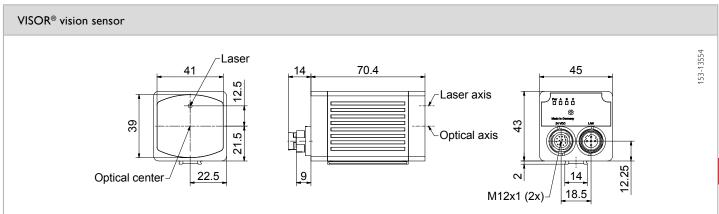

## PRODUCT HIGHLIGHTS

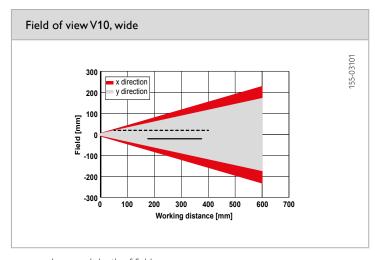

- Can be used for all common 2D codes (ECC 200 data matrix) and common 1D bar codes
- Combination of two functions in one device: code reading and object detection
- Reliable detection of even poorly readable codes under difficult ambient conditions
- Comprehensive tools for flexible and easy connection to PC and PLC environments
- Reading of several similar or differing types of codes in one reading pass
- Reading OCR fonts
